What to pray for:

Praise the Lord for the 123 countries that are using DJJ materials for discipleship! Continue to pray as they add new translations and expand their reach into other countries, that it would be used for God's glory and that many people would follow Christ!

Praise the Lord for the increased online traffic due to their efforts to utilize social media. Pray that this would be an effective way to connect with people all over the world to equip them for discipleship.

Pray for their 2024 goals, that they would reach them! Reaching more countries more people and that the people they connect with would be well-equipped for Christ.
